AN IMPORTANT MESSAGE TO CHEVROLET TRUCK OWNERS...

Chevrolet's Commitment To You

We are committed to assuring your satisfaction with your new Chevrolet. Your Chevrolet Dealer also wants you to be completely satisfied and invites you to return for all your service needs, both during and after the warranty periods.

Vehicle Operation and Care

Considering the investment you have made in your new Chevrolet vehicle, we know you will want to operate and maintain it properly. We urge you to follow the maintenance instructions contained in your Owner's Manual.

If you have any questions on how to keep your vehicle in good working condition, see your Chevrolet truck dealer, the place many GM owners choose to have their maintenance work done. Your dealer can be relied upon to use proper parts and practices.

Maintenance Records

It is also recommended that receipts covering the performance of regular maintenance be retained. Damage to your vehicle caused by lack of required maintenance is not covered under your warranties. Receipts can be very important if a question arises as to whether a malfunction is caused by lack of maintenance or a defect in material or workmanship.

It is suggested that receipts be kept in the glove box literature envelope. Also, a "Maintenance Record" form is provided in the Maintenance Schedule section of the Owner's Manual for your convenience in recording services performed.

Owner Assistance

Should you ever encounter a problem during or after the warranty periods that is not resolved, talk to a member of dealer management. If the problem persists, follow the additional procedure outlined in "Owner Assistance," on page 24 of this booklet.

GM Mediation/Arbitration Program

On page 30 of this booklet, you will also find information on the voluntary, non-binding GM Mediation/Arbitration Program.

We thank you for choosing a Chevrolet product.
